

Product code : 310000

ISOLEMFI 3100 MONO

DESCRIPTION

ISOLEMFI 3100 MONO is a one-part polyurethane-based moisture curing adhesive. Wood to wood bonding performed with ISOLEMFI 3100 MONO present an excellent water resistance (D4 classification according to EN 204 and 205 standards).

AREAS OF APPLICATIONS

ISOLEMFI 3100 MONO is specially adapted for bonding requiring excellent moisture resistance: bonding of outdoor joinery (can be used on exotic and greasy woods), bonding of wood on himself as well as on other substrates like plaster, plasterboards, metal, bricks, concrete.

These substrates can also be bonded between them on the condition that one at least contains moisture.

ISOLEMFI 3100 MONO can be used for miscellaneous bonding in boat fittings and also to bond different insulating materials like polyurethane foam, expanded or extruded polystyrene, mineral wool on wood, chipboard panels, steel sheets, polyester, fiber-cement, plasterboards.

TECHNICAL DATA

INSTRUCTIONS FOR USE

Refer to product's technical data sheet.

The technical data contained herein is based on our present knowledge and experience and we cannot be held liable for any errors, inaccuracies, omissions or editorial failings that result from technological changes or research between the date of issue of this document and the date the product is acquired.

Before using the product, the user should carry out any necessary tests in order to ensure that the product is suitable for the intended application. Moreover, all users should contact the seller or the manufacturer of the product for additional technical information concerning its use if they think that the information in their possession needs to be clarified in any way, whether for normal use or a specific application of our product.

Our guarantee applies within the context of the statutory regulations and provisions in force, current professional standards and in accordance with the stipulations set out in our general sales conditions.

The information detailed in the present technical data sheet is given by way of indication and is not exhaustive. The same applies to any information provided verbally by telephone to any prospective or existing customer.
