## EMFICOL PVC/PVC

### DESCRIPTION

EMFICOL PVC / PVC is a fluid adhesive based on vinyl polychloride resin (PVC) without THF (tetrahydrofuran).

Due to its composition, EMFICOL PVC / PVC acts as a real chemical PVC welder and thus allows assemblies with strength- and ageing characteristics comparable to those of rigid PVC.

It has CE marking for following application: Adhesive for non-pressure thermoplastics piping systems in PVC-U according to European Standard EN 14680.

ADVICE

See also material safety data sheet

### AREAS OF APPLICATIONS

EMFICOL PVC / PVC is specially adapted for the assembly of rigid PVC pipes, accessories and fittings (nestable) for pressure-free sewage drainage systems.

EMFICOL PVC / PVC is also suitable for the bonding of rainwater gutters and downspouts as well as panels, profiles, cable sheaths, trims and other accessories in PVC.

Its initial setting allows slight corrections during installation and facilitates large diameter bondings.

### TECHNICAL DATA

### INSTRUCTIONS FOR USE

Refer to product's technical data sheet.

The technical data contained herein is based on our present knowledge and experience and we cannot be held liable for any errors, inaccuracies, omissions or editorial failings that result from technological changes or research between the date of issue of this document and the date the product is acquired.

Before using the product, the user should carry out any necessary tests in order to ensure that the product is suitable for the intended application. Moreover, all users should contact the seller or the manufacturer of the product for additional technical information concerning its use if they think that the information in their possession needs to be clarified in any way, whether for normal use or a specific application of our product.

Our guarantee applies within the context of the statutory regulations and provisions in force, current professional standards and in accordance with the stipulations set out in our general sales conditions.

The information detailed in the present technical data sheet is given by way of indication and is not exhaustive. The same applies to any information provided verbally by telephone to any prospective or existing customer.
