EMFICOUSTIC

DESCRIPTION

EMFICOUSTIC is a universal insulating underlayer based on recycled rubber and cork granules bonded with polyurethane.

EMFICOUSTIC is intended to improve impact sound insulation (reduction of unwanted noise on hard floor coverings) and thus ensures silence and tranquility at home as well as for neighbors.

EMFICOUSTIC offers great robustness (extreme resistance to pressure) as well as an excellent thermal conductivity. Its installation is quick and easy (1m-wide rolls).

ADVICE

See also material safety data sheet

AREAS OF APPLICATIONS

EMFICOUSTIC can be used under parquet (floating or glued), laminate flooring, carpet and tiles (in dry areas) as well as under linoleum or PVC flooring.

EMFICOUSTIC is perfectly adapted for underfloor heating and air conditioning, is water resistant and is also rot proof.

TECHNICAL DATA

INSTRUCTIONS FOR USE

Refer to product's technical data sheet.

The technical data contained herein is based on our present knowledge and experience and we cannot be held liable for any errors, inaccuracies, omissions or editorial failings that result from technological changes or research between the date of issue of this document and the date the product is acquired.

Before using the product, the user should carry out any necessary tests in order to ensure that the product is suitable for the intended application. Moreover, all users should contact the seller or the manufacturer of the product for additional technical information concerning its use if they think that the information in their possession needs to be clarified in any way, whether for normal use or a specific application of our product.

Our guarantee applies within the context of the statutory regulations and provisions in force, current professional standards and in accordance with the stipulations set out in our general sales conditions.

The information detailed in the present technical data sheet is given by way of indication and is not exhaustive. The same applies to any information provided verbally by telephone to any prospective or existing customer.
