

Product code : X8062A

MASTIPREN ST

DESCRIPTION

MASTIPREN ST is a fast-setting adhesive / sealant based on polychloroprene which forms a flexible and resistant film with very good adhesion to substrates commonly used in the building industry.

AREAS OF APPLICATIONS

MASTIPREN ST is specially adapted for the arrangement and fixing of decorative elements (plinths, wooden or rigid PVC profiles, polyurethane beams, paneling, battens, rods, metal angles, wooden moldings), insulating foams on concrete, wood, plaster, metals, etc. MASTIPREN ST is also used for fixing wooden panels, chipboards, cardboard plasterboards, stair nosings, soundproofing elements, stones, sandstone, stoneware, earthenware, etc. MASTIPREN ST can also be used in the automotive industry for the connection of painted plates, while ensuring tightness of the junctions after assembly. Not suitable for polystyrene bonding.

TECHNICAL DATA

INSTRUCTIONS FOR USE

Refer to product's technical data sheet.

The technical data contained herein is based on our present knowledge and experience and we cannot be held liable for any errors, inaccuracies, omissions or editorial failings that result from technological changes or research between the date of issue of this document and the date the product is acquired.

Before using the product, the user should carry out any necessary tests in order to ensure that the product is suitable for the intended application. Moreover, all users should contact the seller or the manufacturer of the product for additional technical information concerning its use if they think that the information in their possession needs to be clarified in any way, whether for normal use or a specific application of our product.

Our guarantee applies within the context of the statutory regulations and provisions in force, current professional standards and in accordance with the stipulations set out in our general sales conditions.

The information detailed in the present technical data sheet is given by way of indication and is not exhaustive. The same applies to any information provided verbally by telephone to any prospective or existing customer.
